## 3rd to 14th June 2024

### Dear Parents and Carers

Summer activities are well and truly underway. All classes have had a change of theme and last week a newsletter was emailed explaining what your children are learning. Class 3 are learning about America particularly California. Designing their own burger has been a hit. Class 2 are comparing France (Europe) with Russia. Finally Class 1 are going 'On Safari'. To help learn about the animals you'd see on a Safari, this week they visited Twycross Zoo. They had a fabulous time and their behaviour was exemplary.

On June 6th we hosted a visit from a school in the centre of Leicester. This was part of the linked up project which encourages collaboration between inner city and rural schools.

Many of the Leicester children lived in the centre of the city and don't have a garden so our field and forest school was a real treat for them.

Forest school is excellent for team building skills, science and outdoor learning skills. To develop this all classes are having Forest school sessions. Class one are on Mondays and class 2 /3 June 25th and July 9th. Letters have been sent out about Forest school clothing etc.

Finally performance practice is underway sometimes using the stage at the hall. Please see the next page for pick up and drop offs at the Lockington Village Hall.
